WHY CHOOSE RMS?

ABOUT US

Since 1992, RMS Publishing has been dedicated to supporting learner success by providing a comprehensive range of study guides, presentations, and e-learning packages, specifically within the field of occupational health and safety. We are proud to be a trusted partner for a number of NEBOSH-accredited Learning Providers who utilise our study materials to enhance the learning experience for their students.

Whether you are already delivering NEBOSH courses or considering adding a new qualification to your offerings, our market-leading resources are designed to help improve pass rates and drive growth for your organisation.

Our commitment to quality and service includes offering bulk discounts, saving tutors valuable time and resources on course material development and updates, and assisting with accreditation applications saving you time in your application.

At RMS Publishing, we are passionate about equipping training centres with the tools they need to succeed in the ever-evolving world of occupational health and safety.

NEBOSH STUDY BOOK FORMATS AVAILABLE:

We offer a range of NEBOSH study book formats, each designed to provide flexibility and convenience for learners and learning partners alike. Choose the solution that best meets your training centre needs:

1. Hard Copy

Our physical study books are carefully packaged and delivered directly to your location via courier. Shipping costs are calculated based on weight and destination. Ideal for learning partners who prefer materials already printed and ready to go for their training courses.

2. Print Licence

The print licence option allows you to print the study materials as needed, under a licence agreement. This format offers maximum flexibility, enabling you to print materials as required for your courses.

3. E-books (PDFs)

Instant Access Anywhere – Our study materials are delivered straight to your inbox as universally compatible PDFs. No logins, downloads or special apps required. **Simple & Familiar Format** – Open on any device with a PDF reader and use the built-in tools you already know to search, zoom or annotate.

Flexible Distribution – Easy for learning partners to license and distribute to multiple learners without complex platform management.

The e-book format is environmentally friendly, cost-effective, and easily accessible for learners - fully compatible with screen readers and other accessibility tools for inclusive learning.

Please note, learners are unable to print from the e-books.

Bulk Discounts Available

For learning partners, we offer attractive bulk discounts across all formats. Contact us today to learn more about the best solution for your needs and how you can benefit from our pricing options.

COMPREHENSIVE NEBOSH STUDY RESOURCES BY RMS PUBLISHING

The RMS study books and presentations, are aligned with the NEBOSH syllabus to provide comprehensive coverage of the required content. These resources are continually updated to reflect the latest changes in legislation and the NEBOSH syllabus, ensuring that your students receive the most current and relevant information.

RMS provide free online supplements, should amendments happen before a re print made available online on the RMS website. PowerPoint presentations are provided with free updates for the first 12 months, after which a small annual fee applies for continued access to updated versions. This ongoing commitment to updating and maintaining course materials is essential for meeting NEBOSH accreditation requirements, ensuring that learning partners offer high-quality, up-to-date training.

NEBOSH Study Books:

- Full colour throughout with practical explanations and real-world examples
- Clear, focused content directly addressing syllabus learning outcomes
- Includes summaries of legislation and best practice standards
- Sample questions and answers for exam preparation

PowerPoint Presentations & Lesson Plans:

- Professionally designed slides that follow the NEBOSH syllabus structure
- Customizable to suit your organisation's needs
- Clear, engaging visuals that enhance learning and teaching efficiency
- Option to add your company branding

These resources are recommended by NEBOSH and will save time while providing high-quality support for the delivery of the NEBOSH qualifications.

NEBOSH NATIONAL GENERAL CERTIFICATE

The essential guide for those with management responsibility in health and safety which has established itself as a market leader.

STUDY BOOK

This 12th Edition essential health and safety guide meets the current specification for the NEBOSH National General Certificate (NGC) in Occupational Health and Safety and provides an excellent reference for all those with management responsibilities for health and safety in the workplace. It focuses on the main legal requirements for health and safety management within the UK, a range of workplace hazards and methods of control.

The practical and informative approach of the publication will provide managers, health and safety practitioners, and others who have associated responsibilities for health and safety with a perspective of the significance of health and safety risk in the workplace. It will also aid in the understanding of the control measures that can be applied to manage risk.

In addition, corporate risk managers, human resources managers, designers, engineers, facilities managers, process or service managers, suppliers, contractors and site managers may find this guide a useful reference source.

The general nature of this guide makes it highly applicable to a range of work activities and industries, providing an introduction to health and safety in the workplace.

Topics covered by the guide include:

- Legal requirements for health and safety at work.
- Implementation of health and safety management systems.
- Identification of workplace hazards.
- Methods of hazard and risk control.

We are also confident that those working towards national vocational qualifications will find this study book a useful companion for NVQ Level 3 in Occupational Health and Safety.

NEBOSH INTERNATIONAL GENERAL CERTIFICATE

Written by a team of experts, this study book offers high quality support for the delivery of the NEBOSH International General Certificate qualification.

STUDY BOOK

This NEBOSH study guide is completely up-to-date with the current syllabus for the NEBOSH International General Certificate qualification.

This essential health and safety guide focuses on international standards and management systems to provide a broad understanding of health and safety principles and practices that are relevant globally. The guide provides an excellent reference for all those with management responsibilities for health and safety. The general nature of this guide makes it highly applicable to a range of work activities and industries, providing an introduction to health and safety in the workplace.

The practical and informative approach of the publication will provide managers, health and safety practitioners and others who have associated responsibilities for health and safety with a perspective of the significance of health and safety risk in the workplace and aid in the understanding of the control measures that can be applied to manage risk.

In addition, corporate risk managers, human resources managers, designers, engineers, facilities managers, process or service managers, suppliers, contractors and site managers may find this guide a useful reference source.

This publication provides reference to significant international conventions, recommendations, codes, guidance and standards in the form of a summary and in context with the topics covered. Examples of how the topics relate to health and safety globally support the information provided.

NEBOSH HEALTH AND SAFETY MANAGEMENT FOR CONSTRUCTION (UK)

An essential health and safety guide for those with management responsibility in construction. Provides an understanding of the health and safety risks affecting this important sector of work and assists those responsible to manage them effectively.

STUDY BOOK

This essential health and safety guide provides an excellent reference for all those involved in construction activities. The guide provides an understanding of the health and safety risks affecting this important sector of work and assists those responsible to manage them effectively.

The practical and informative approach of the publication will provide managers, health and safety practitioners and others who work in the construction industry with a perspective of the significance of health and safety risk in construction activities and an understanding of the control measures that can be applied to manage risk. This publication would be particularly useful for clients, designers, contractors, principal contractors and site managers. Those working in facilities and event management industries will also find the guide useful, as many of the risks they encounter are similar.

The guide is an excellent source of information for those undergoing the following learning programmes:

- To meet the requirements of the NEBOSH Health and Safety Management for Construction syllabus.
- To develop the knowledge of managers and supervisors working in construction.
- To develop and enhance competency and skills needed for facilities managers.
- To develop and enhance competency and skills needed for those who construct and disassemble temporary structures for outdoor events, music or theatre production and trade or other exhibitions.

NEBOSH CERTIFICATE IN FIRE SAFETY

This essential guide meets the current syllabus and format of the NEBOSH Certificate in Fire Safety qualification, as well as being a useful resource for those with fire management responsibilities.

STUDY BOOK

This guide will provide an excellent reference for all those with management responsibility in fire safety throughout the world to help enable them to ensure that their organisation meets its responsibilities and safeguards its people and its business.

The publications text is directed to exam needs with practical explanations, and is structured to reflect the order, content and level of understanding required by this syllabus. Learners studying for examination will find the sample questions, answers and practical assessment report of particular use. This essential reference source now benefits from a more detailed level of indexing, making it even easier to access information on your chosen topic.

Although the main purpose of this publication is to support NEBOSH Fire Certificate students, it is also useful for a number of NVQ schemes and also provides an excellent reference for all those with management responsibility in fire safety to help enable them to ensure that their organisation meets its legal duties and safeguards its people and its business.

This study book is also an appropriate source of information for those moving into Fire Safety Advisor roles; enabling them to carry out fire risk assessments of most low risk workplaces, and identify the range of fire protective and preventative measures required. Fire Service Personnel will also find the publication of benefit in developing their underpinning knowledge as part of the Integrated Personal Development System.

NEBOSH ENVIRONMENTAL MANAGEMENT CERTIFICATE

This essential guide is designed to provide an understanding of how environmental aspects, such as inefficient use of energy, will impact on the planet's finite resources and how actions today will improve sustainability for future generations.

STUDY BOOK

This Essential Health and Safety Guide to the globally relevant NEBOSH Environmental Management Certificate qualification provides an excellent reference for those who have responsibility for or involvement in environmental management as part of their work in the UK and/or internationally.

This guide provides an understanding of environmental issues, the associated risks and opportunities and how they can be managed at work. This guide will assist those involved to deal effectively on both a day-to-day operational level and strategically for improvement.

This guide contains an emphasis on practical solutions to environmental issues in the workplace. Learners will be able to help their organisation manage its positive and negative environmental aspects and support the implementation and continuous improvement of effective environmental management systems.

Topics covered in the publication include:

- Foundations in environmental management.
- Environmental management systems.
- Assessing environmental aspects and impacts.
- Planning for and dealing with environmental emergencies.
- Control of emissions to air.
- Control of environmental noise
- Control of contamination of water sources
- Control of waste and land use.
- Sources and use of energy and energy efficiency.

NEBOSH NATIONAL DIPLOMA

UNIT DN1: HEALTH AND SAFETY PRINCIPLES

UNIT DN2: HEALTH RISKS

UNIT DN3: SAFETY RISKS

These essential health and safety guides meet the current specification for the NEBOSH National Diploma for Occupational Health and Safety Management Professionals. For those seeking a successful long-term career in health and safety and who wish to be recognised as a professional in their field.

STUDY BOOKS

These publications are an excellent reference source for those active at NVQ Level 6, or undertaking University Diploma programmes and equivalent qualifications. They are also a valuable reference source for qualified health and safety practitioners and those with line management responsibilities for health and safety.

Management of health and safety in the workplace is not only a legal obligation and a moral imperative, it also makes good business sense. Qualified health and safety professionals are an asset to their organisations, reducing costs by preventing accidents and ill health of employees, without incurring unnecessary expense by over-reacting to trivial risks.

The books are supported by a variety of photographs and sketches; together with an abridged reference to legislation which learners have found particularly useful.

£85.00 per book / £255.00 per set

Unit DN1: ISBN 978-1-913439-06-4

Unit DN2: ISBN 978-1-913439-07-1

Unit DN3: ISBN 978-1-913439-08-8

SEVENTH EDITION

See page 11 for full prices.

TRAINER PACKS

As well as the essential study guides for the NEBOSH National Diploma, this high quality Trainer Pack contains a range of visually attractive and engaging PowerPoint presentations and a range of useful lesson plans.

Our Trainer Packs closely follow the syllabus set out by NEBOSH and help trainers to effectively prepare learners for their assessments.

We make regular changes to our Trainer Pack materials in order to reflect legislation changes and syllabus updates. For the first twelve months of your licence, these updates are completely free, and following that you can continue to receive updates from £350 per year, per qualification.

NEBOSH INTERNATIONAL DIPLOMA

UNIT DI1: HEALTH AND SAFETY PRINCIPLES

UNIT DI2: HEALTH RISKS

UNIT DI3: SAFETY RISKS

These essential health and safety guides meet the current specification for the NEBOSH International Diploma for Occupational Health and Safety Management Professionals; take the next step and gain recognition for your health and safety expertise and professionalism anywhere in the world.

STUDY BOOKS

These series of three publications are designed to provide a health and safety knowledge base for those studying to NEBOSH International Diploma as well as being an excellent reference for health and safety practitioners operating internationally.

They build directly upon the foundation of knowledge provided by the International General Certificate and also provides a sound basis for progression to a Masters or more specialist study. They also provide the core health and safety knowledge which underpins competent performance as an Occupational Health and Safety Practitioner.

The International Diploma is recognised by the Institution of Occupational Safety and Health (IOSH) - the major UK professional body in the field - as fulfilling the academic requirements for Certified Membership (CertIOSH) and as a first step to becoming a Chartered Safety and Health Practitioner as a Chartered Member of IOSH (CMIOSH).

The qualification is also accepted by the International Institute of Risk and Safety Management (IIRSM) as it meets their requirements for full membership.

£85.00 per book / £255.00 per set

Unit DI1: ISBN 978-1-913439-12-5

Unit DI2: ISBN 978-1-913439-13-2

Unit DI3: ISBN 978-1-913439-14-9

FIFTH EDITION

See page 11 for full prices.
